CONSULTATION EVENTS  
(REVISED DATES ENCLOSED)**

# West of Orkney Windfarm

Offshore Wind Power Limited plans to submit marine licence and planning applications to construct offshore wind turbines and associated transmission infrastructure for the West of Orkney Windfarm. The proposed windfarm will have the potential to generate around 2GW of renewable energy and is located around 30km west of Orkney and 25km from the north coast of Scotland.

The key components of the Project are:

## OFFSHORE

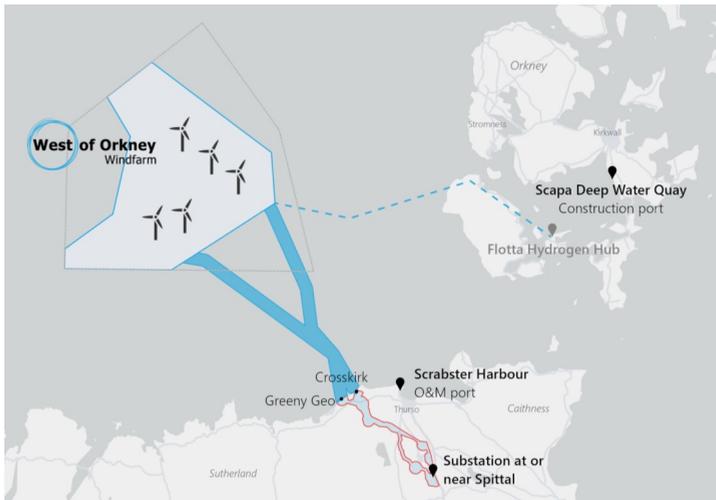

- Up to 125 wind turbine generators with fixed turbine foundations
- Up to five offshore substations linked to the wind turbines via inter-array cables
- Up to five export cables to Caithness

## ONSHORE

- New substation at or near the existing Spittal substation
- Up to five underground cables from the landfall point to the substation

Consent applications associated with connecting to the proposed Flotta Hydrogen Hub will be submitted later and will be subject to further consultation.

The plan below identifies the location of the proposed West of Orkney Windfarm and associated offshore and onshore transmission infrastructure:

# Community consultation

As part of our mission to deliver a world-leading offshore windfarm, we are keen to communicate openly with communities across the north of Scotland and offer multiple opportunities for us to meet and hear your views.

We've already attended a number of local events including the Durness Gathering, the Halkirk Games, the Dounby Show and the Orkney County Show. In November, we attended seven venues across Caithness, Sutherland, and Orkney for the first Pre-Application Consultation event, which were well attended.

We have now analysed the feedback we have received to date and would like to share with you an overview of that analysis. We would also like to provide you with a Project update and some more detailed insights into a number of the environmental assessments we have been undertaking.

We'd like to encourage as many people as possible to attend one of our local pre-application consultation events, where you will get a chance to meet the development team, ask questions and offer feedback.

The dates and venues of the community consultation events detailed below.

**\*\*PLEASE NOTE THAT THESE DATES HAVE CHANGED\*\***

## Thurso

*The Pentland Hotel*

Tue 16th May

**3.30pm - 7.30pm**

## Strathy

*Strathy Village Hall*

Wed 17th May

**3.30pm - 7.30pm**

## Halkirk

*Ross Institute*

Thu 18th May

**3.30pm - 7.30pm**

**West of Orkney**  
Windfarm

## Kirkwall

*Orkney Harbour Authority, Kiln Corner*

Tue 23rd May

**10am - 2pm**

## Sandwick

*Sandwick Community Hall*

Tue 23rd May

**4pm - 8pm**

## Kirkwall

*LPVG Room, Pickaquoy Centre*

Wed 24th May

**3.30pm - 7.30pm**

## Stromness

*Robert Rendall Building, ICIT*

Thu 25th May

**3.30pm - 7.30pm**

# What happens next?

We are continuing to prepare our Environmental Impact Assessment (EIA) to be submitted with our marine licence and planning applications. We plan to submit the applications for the wind turbines and offshore infrastructure in the summer of 2023. Applications for the onshore infrastructure on Caithness will be submitted later in 2023. Consent applications associated with connecting to the proposed Flotta Hydrogen Hub will be submitted at a later date and will be subject to further consultation.

We are continuing to receive your feedback, which we are using to inform the development of the West of Orkney Windfarm. If you are unable to attend our events or would rather not attend, there are several ways you can find out more or provide your feedback. You can get in touch by phoning, emailing or writing to us using the contact details below. We have also developed a short community questionnaire as another way for you to express your opinion about the project. This can be accessed by scanning the QR code or visiting the website.

We have also developed a virtual public exhibition which remains open and can be visited via our website. This replicates the information displayed at the most recent events.

## Please note

As marine licence/ planning consent applications have not yet been submitted, written comments on the proposals should be made to Offshore Wind Power Ltd (OWPL) by 30th June 2023. Comments received after this date will not be included in any applications.

Please note that comments made to OWPL are not representations to Marine Scotland or The Highland Council. Representations to Marine Scotland and/ or The Highland Council can be made when formal marine licence/ planning applications are submitted.

Please scan the QR code to access the community questionnaire
